Permission to publish artwork on the Performing Arts Westsyde Website

At Westsyde Secondary School, the fine arts department follows a company model, known as Performing Arts Westsyde. Our website is <http://performingartswestsyde.blogs.sd73.bc.ca>.

We would like permission to display your child's artwork (and/or photos of him/her participating in one of our field trips or performances) on our website to showcase student work and to highlight the educational opportunities in the arts that we offer at WSS. The site will include the school name, your child's grade and first name only for privacy reasons.

If there are any questions concerning the publishing of the images, please contact Ms. Richards. If you and your child give permission to publish the work on the website, please fill out the information below and sign at the bottom.

Thank you,

S. Richards
Webmaster
